

The Maze Game: How to Play!

You and your classmates will *work together* to reach the end of the maze!

Using the directions *right, left, up, and down*, each of you will guess the next direction to go in the maze.

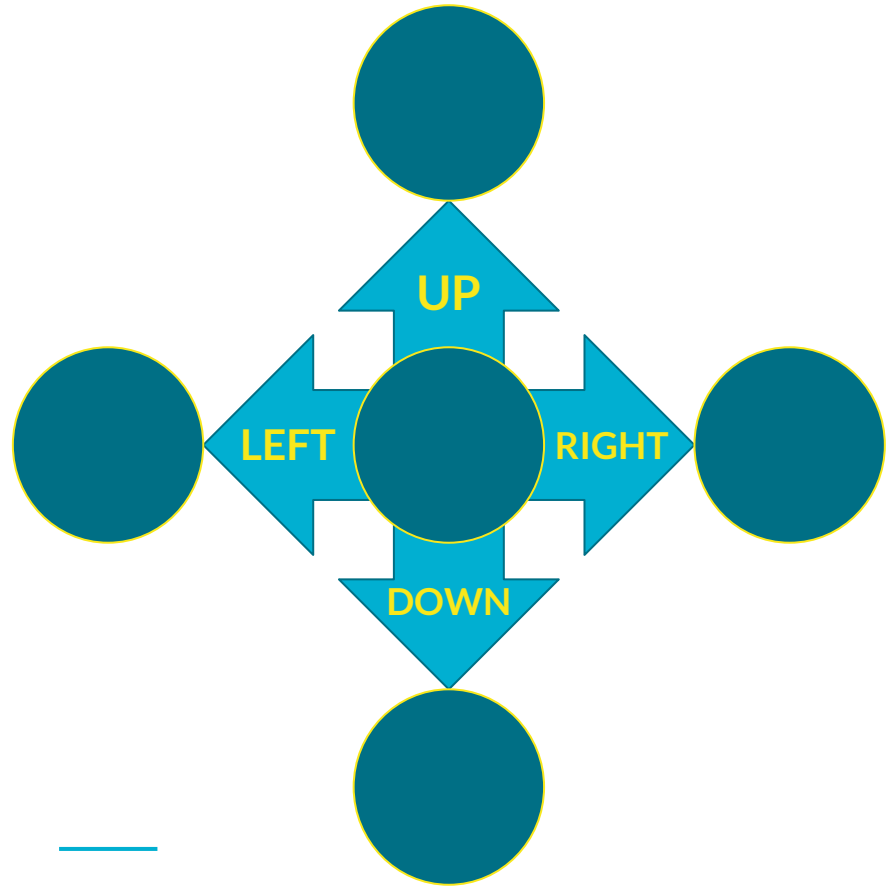

If you are successful, awesome job! You get to guess again.

If you are unsuccessful, that's okay! Good job, nice try! Your teammate will try the next round.

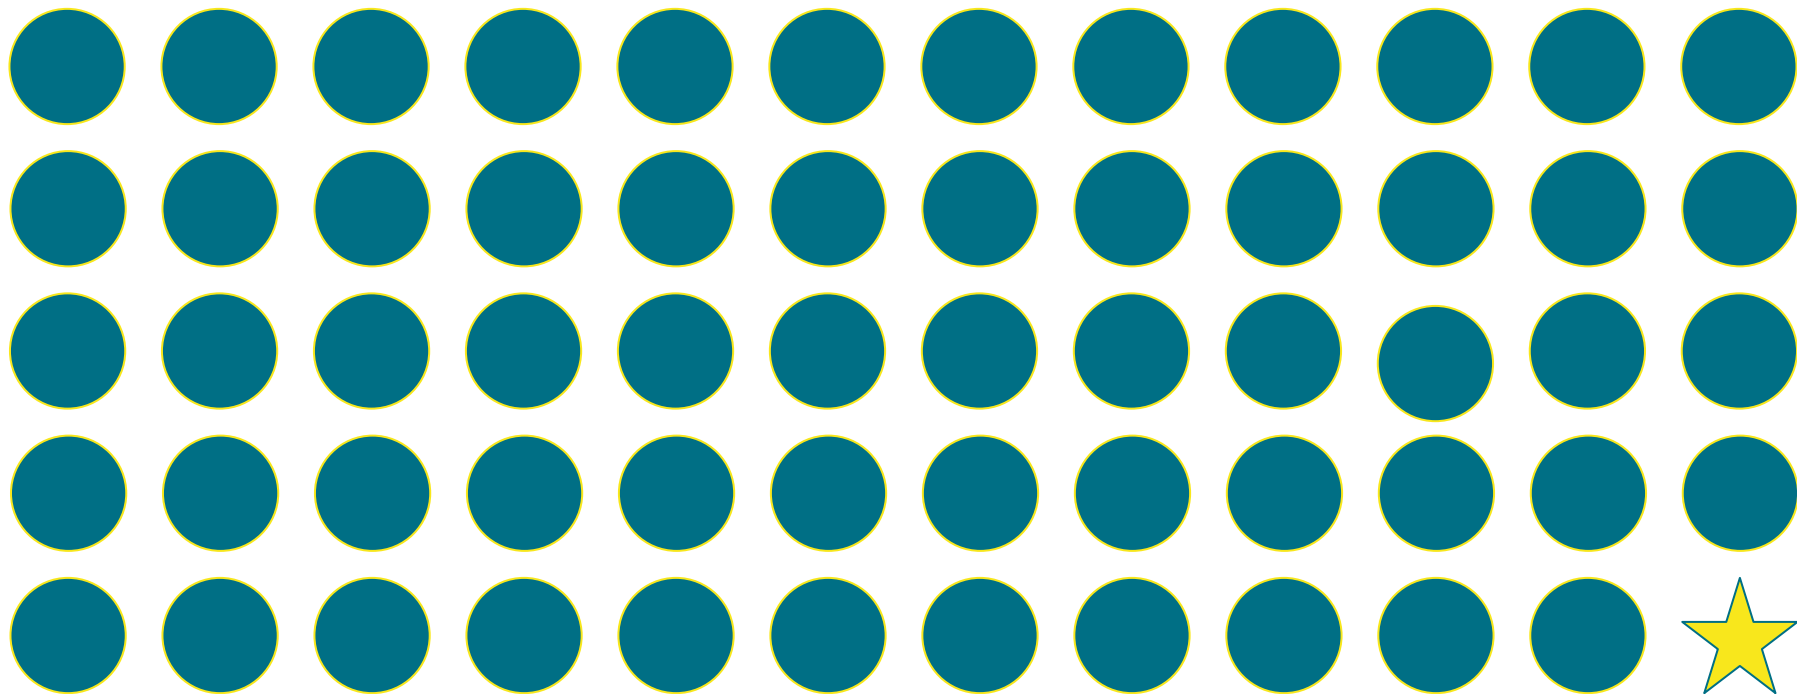

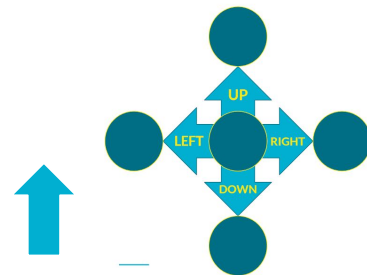

Make sure to congratulate your teammates when they are successful, and tell them "Good job, nice try!" when they are unsuccessful.
